Description

What to do when your child is labelled a problem by the schools. The truth about Ritalin, ADHD and other 'disruptive behavioral disorders'.

In this revised and expanded Chipmunka edition, John Breeding sends out a powerful message and strong support for adults who want to encourage the spirited development of our children. The book calls for a halt to the epidemic drugging of young people for so-called ADHD and other alleged mental illnesses. This book shows us how to counsel our children and insists we must not forsake the great gift of viewing them with the 'eyes of delight!' John is a clear, strong advocate for young people and a great ally to parents wanting support to repond to their children in a positive way.
