Juniper Networks develops high-speed, scalable routers for the service provider and networking industry. They are challenging Cisco in the internetworking market with state of the art technology and innovation. Juniper Networks offers a four-tiered certification program that validates knowledge and skills related to Juniper Networks technologies. The JNCIA (Juniper Networks Certified Internet Associate) is the entry-level certification that tests network administrators in their knowledge of IP-network protocols, Juniper routers, and the JUNOS operating system. Subsequent certification levels include JNCIS (Juniper Networks Certified Internet Specialist), JNCIP (Juniper Networks Certified Internet Professional), JNCIE (Juniper Networks Certified Internet Expert).
