Where do we find justice and freedom in our world today? We believe that justice and freedom can be found on earth through the sensitive leadership of our leaders. Next to God, our leaders are given the responsibilities to safeguard our lives and properties. With that in mind, this book, Jungle Justice, presents the dramatic account of a certain insensitive leadership. The author created an imaginary state called Dubli Kingdom that symbolizes some third world nations. A self-styled leader called Blamah maliciously got into power with the aim of bringing justice and freedom to his people. Instead of delivering the goods he promised, Blamah and his admirers terrorized the sub-region for decades. He abused the dignity of humanity, and executed many former leaders, citizens and destroyed the nation beyond a century of its existence. The land became the biggest undeveloped global village. He isolated himself from other world leaders. In fact, he considered anyone who advised him as his number one enemy. Many people went into exile in the search of freedom and a better life.
