Elementary French Grammar: Containing a Selection of General Rules from the Most Approved French Grammars With Exercises in French and English Illustrating the Rules Given (Classic Reprint) Duval Duval
French language, in this country, is becoming every year more general and popular. The want of an elementary and easy Grammar adapted to the mind and culture ofthe young, has been felt for many years past. It is to supply, in some measure, this want, that this little book is prepared. The rules of grammar are given in a clear and simple manner; and as it is desirable that the student should be able to translate readily from the one language into the other, numerous exercises in both languages are added. These are necessary to help the learner to acqtpre the habit of writing and speaking with ease and fluency. The rules of every lesson should be committed to memory, and every exercise thoroughly prepared and translated several times, before proceeding to the next lesson. The object of this little Work is to prepare the student for the study of a more complete grammar, which will be found easier after the use of this one. â?? N. D. Â¥ Mozwnnan, (Typographical errors above are due to OCR software and don't occur in the book.)
