Ice

Phyllis Reynolds Naylor

Ice Phyllis Reynolds Naylor
Why had her father left, and why did she never hear from him? Even if her mother had divorced him, why had he forgotten her, too? For three years Chrissa has been angry. Too angry to speak to her mother, Chrissa only wants to figure out why Nick, her father, has gone out of both their lives. She had never been the child he wanted; every memory of him said he thought she had no spunk, was an unattractive nothing. Yet she need him. Needed him to care.

"We're not going to go on like this," her mother said. "I'm sending you to live with Gram for a year." Chrissa couldn't believe it. Spend a year in the country, instead of in New York City? What would she do there? How would she survive? Yet her grandmother was Nick's mother. MIght the country hold the secret of where Nick had gone?

There is more to do at Gram's than Chrissa imagined, especially when the search for her father takes an unexpected turn as her grandmother becomes the dupe of an unscrupulous duo. Her father is needed, Chrissa thinks, to save Gram. Yet in the end it is Chrissa herself who successfully confronts not one crisis, but two. And when she does discover what has happened to her father, it is after the ice that held her heart has already melted. She no longer needs his approval. She is her own person.

From reader reviews:

Sheila Foxworth:

The book Ice can give more knowledge and information about everything you want. Exactly why must we leave a good thing like a book Ice? A few of you have a different opinion about reserve. But one aim this book can give many information for us. It is absolutely proper. Right now, try to closer along with your book. Knowledge or facts that you take for that, it is possible to give for each other; you are able to share all of these. Book Ice has simple shape nevertheless, you know: it has great and large function for you. You can search the enormous world by start and read a book. So it is very wonderful.

Ellen Jorge:

Information is provisions for folks to get better life, information presently can get by anyone on everywhere. The information can be a information or any news even an issue. What people must be consider whenever those information which is inside former life are difficult to be find than now is taking seriously which one would work to believe or which one the resource are convinced. If you get the unstable resource then you get it as your main information you will see huge disadvantage for you. All of those possibilities will not happen in you if you take Ice as the daily resource information.

Walter Blankenship:

The book with title Ice has lot of information that you can study it. You can get a lot of advantage after read this book. This particular book exist new knowledge the information that exist in this book represented the condition of the world now. That is important to yo7u to be aware of how the improvement of the world. This book will bring you in new era of the the positive effect. You can read the e-book with your smart phone, so you can read this anywhere you want.

Amy Christensen:

Playing with family inside a park, coming to see the sea world or hanging out with pals is thing that usually you will have done when you have spare time, in that case why you don't try issue that really opposite from that. Just one activity that make you not experience tired but still relaxing, trilling like on roller coaster you have been ride on and with addition of information. Even you love Ice, it is possible to enjoy both. It is very good combination right, you still would like to miss it? What kind of hang type is it? Oh seriously its mind hangout people. What? Still don't have it, oh come on its called reading friends.
