A Prison Called School: Creating Effective Schools for All Learners Maure Ann Metzger
Why are our educational institutions and practices such a poor fit for so many students? *A Prison Called School* addresses the complex issues that place many students at a disadvantage as they try to survive yet another hurdle in life—school. Although some students are able to navigate and succeed in the current system, other students struggle to survive a system that is unable to meet their needs. For those students, school can feel like a twelve-year prison sentence.

Students who cannot fit the outdated, one-size-fits-all model, are further penalized by a system that blames the struggling student rather than holding the institution accountable. For students to thrive in school, the system, not the students, must change in deep and substantial ways. *A Prison Called School* is a powerful catalyst for creating the empowering, engaging, and effective learning environments that all students need to succeed in school and life.
