Handbook of Vocational Psychology: Theory, Research, and Practice (Contemporary Topics in Vocational Psychology) (v. 1)
Since keeping up with new developments in vocational psychology is important to both psychological practitioners and researchers, this volume is devoted to presenting and evaluating important advances in the field. More specifically, this handbook:
* makes readers aware of the theoretical, research and applied aspects of the field;
* familiarizes them with a variety of techniques, procedures, and theories available for vocational assessment; and
* realistically assesses the significance of vocational psychology for professional functioning and for societal development.
