"Surviving Off The Grid" book contains proven techniques and strategies to help you get started building your own off the grid survival stockpile. The book provides handy tips on how to choose the perfect food storage, satisfy criteria of food packing and proper storing, making your survival garden and other tips and advices on how to survive SHTF scenarios and start living off the grid.

Our guide will help you learn all the basic survival preps you need to know about surviving off the grid and becoming self-sufficient with simple tips and step-by-step approach.

Book Two: Living Off the Grid: A Beginner's Guide to an Independent and Self-Sustaining Lifestyle

Want to get away from it all?
One of the biggest problems we face today is that we are way too dependent on society and its infrastructure on order to survive. We have to have electricity, cable, internet, and all kinds of things to live and it is stressing out way too much, let alone dealing with crime, drugs, gangs, and all the other things that go bump in the night.

Download this book to find out how you can have a comfortable, unstressed life away from all the concerns that living in society requires. We are not talking living like a caveman, but having residence with electricity, water, sewer, TV and internet, food, and shelter from storms.

In this book you will learn:

• How to select a proper site
• How to decide on your residence
• How to get water
• How to handle sewage
• How to be your own electric company
• How to have internet even if you are miles from civilization
• How to have a garden and raising animals
• How to properly prepare your own foods to be safe for unrefrigerated storage
