Raspberry Pi Projects Andrew Robinson, Mike Cook

Learn to build software and hardware projects featuring the Raspberry Pi!

Raspberry Pi represents a new generation of computers that encourages the user to play and to learn and this unique book is aimed at the beginner Raspberry Pi user who is eager to get started creating real-world projects. Taking you on a journey of creating 16 practical projects, this fun and informative resource introduces you to the skills you need to have in order to make the most of the Pi. The book begins with a quick look at how to get the Pi up and running and then encourages you to dive into the array of exciting software and hardware projects.

- Features projects that use Python, which is Raspberry Pi's programming language of choice
- Includes projects for creating an information center for e-mail, Twitter, Facebook, weather, train times, and more
- Shows you how to recreate Pong and Pacman or write Tic Tac Toe
- Teaches you how to use Raspberry Pi's general purpose input/output port in order to speak to external hardware devices
- Walks you through setting up computer-controlled slot car racing, a swipe card door lock, disco lights, and more

Raspberry Pi Projects is an excellent way to dig deeper into the capabilities of the Pi and to have great fun while doing it.

From reader reviews:

Mike Gray:

Have you spare time for the day? What do you do when you have considerably more or little spare time? Yes, you can choose the suitable activity intended for spend your time. Any person spent their very own spare time to take a wander, shopping, or went to the actual Mall. How about open or maybe read a book eligible Raspberry Pi Projects? Maybe it is to become best activity for you. You realize beside you can spend your time using your favorite's book, you can wiser than before. Do you agree with it is opinion or you have different opinion?

Joshua Orvis:

In this 21st millennium, people become competitive in most way. By being competitive currently, people have do something to make them survives, being in the middle of often the crowded place and notice simply by surrounding. One thing that occasionally many people have underestimated it for a while is reading. Yep, by reading a e-book your ability to survive enhance then having chance to endure than other is high. To suit your needs who want to start reading a new book, we give you this specific Raspberry Pi Projects book as starter and daily reading publication. Why, because this book is more than just a book.

Barbara Wheat:

This Raspberry Pi Projects is great e-book for you because the content and that is full of information for you who have always deal with world and have to make decision every minute. That book reveal it information accurately using great manage word or we can point out no rambling sentences in it. So if you are read the idea hurriedly you can have whole info in it. Doesn't mean it only will give you straight forward sentences but challenging core information with beautiful delivering sentences. Having Raspberry Pi Projects in your hand like finding the world in your arm, details in it is not ridiculous just one. We can say that no guide that offer you world with ten or fifteen moment right but this guide already do that. So , this is certainly good reading book. Heya Mr. and Mrs. occupied do you still doubt in which?

Julie Chambers:

As a university student exactly feel bored in order to reading. If their teacher questioned them to go to the library or to make summary for some guide, they are complained. Just very little students that has reading's heart or real their pastime. They just do what the teacher want, like asked to go to the library. They go to there but nothing reading really. Any students feel that reading through is not important, boring and also can't see colorful photographs on there. Yeah, it is to become complicated. Book is very important for yourself. As we know that on this period of time, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. Therefore this Raspberry Pi Projects can make you feel more interested to read.
