Pick 3 Lottery Followers-3: Delta-5 and the Shorlist AANewYork
Get the ONE Super Follower of EVERY Number in the Game!
This Book has the Delta-5 of ALL 220 Numbers on One List!

In the Follower-1 book I introduced the Delta-3 number. This is a single “super follower” that tends to hit right after a number. All 220 box numbers in the Pick 3 game have their own Delta-3 number. In the book I explained the workout you have to do to identify this Delta-3 number. Doing this workout for a few numbers is no big deal - but how about doing it for 30 numbers? Or 50 numbers? Or 100 numbers? Or for all 220 box numbers in the game? That will take a while.

I am going to be honest with you here: getting the Delta-3 number for all 220 box numbers in the game is a time consuming process - EVEN if you use my programs to do it because every number has to be done individually. Well, I have Good News for you! In this book you will find the Delta-5 of all 220 box numbers in the game in one easy to use list. There is also the corresponding 10 number playlist or shortlist for the Delta-5 digits as well. I am sure you will find this shortlist of just 10 number VERY useful!

Once you have the Delta-5 of a number, you automatically have its Delta-3 number because the Delta-3 of any number is made up of the first three digits in Delta-5. And what is Delta-5? Five digits that tend to hit after a number. And this is **Very Important**: the first three digits in Delta-5 tend to hit together as a NUMBER. I call this number Delta-3.

For example, the Delta-5 for the number 800 is 34951, which means that the Delta-3 number for the number 800 is **349** (the first three digits in Delta-5: 34951). And if you read Follower-1, you know this example: the number 800 hit New York on June 17, 2015. Result: The number **493** hit New York on the very next drawing on June 18, 2015.

EXAMPLE 2: 047 hit New York on June 30, 2015. The Delta-3 for the number 047 is 2-1-4. The number 412 hit New York the next day on July 1, 2015.

EXAMPLE 3: The number 059 hit New York on July 3, 2015. The Delta-3 of 059 is 3-2-9. The number 392 hit New York four drawings later on July 5, 2015.

EXAMPLE 4: The number 022 hit New York on July 8, 2015. The Delta-3 of 022 is 5-1-6. Result: The number 615 hit New York two drawings later on July 9, 2015.

Ok - How about other states?
This system works in other states as well.

EXAMPLE 5: The number 266 hit Texas on Tuesday July 14, 2015. This was the last draw of the day. The Delta-3 of 266 is 7-9-2. The number 792 hit STRAIGHT four drawings later on July 15 (Yes….STRAIGHT!).

EXAMPLE 6: The number 761 hit New Jersey on July 9, 2015. The Delta-3 for 167 is 3-7-4. Result: The number 374 hit STRAIGHT the next day on July 10.

EXAMPLE 7: The number 864 hit Florida on July 8, 2015. The Delta-3 of 468 is 1-2-6. Result: The number 261 hit five drawings later on July 11.

Sometimes digits from the END of Delta-5 hit together.

EXAMPLE 8: The number 269 hit North Carolina on July 13, 2015. The Delta-5 of 269 is 34956. Result: 695 hit on the next drawing (the last 3 digits of Delta-5: 956).

The list you will find in this book will give you an almost unfair advantage. Simply look up the last number that hit your state on the list (which you may want to PRINT OUT because you will want to refer to it regularly). The list will have the Delta-5, Delta-3 and the shortlist for ALL 220 box numbers in the Pick 3 game.

Your decision is clear at this point: BUY THIS BOOK RIGHT NOW!
