Readings in Medieval History, Fifth Edition

Patrick J. Geary's highly acclaimed collection of source materials on the Western medieval world is well-known for offering an excellent selection of substantial excerpts—or entire documents wherever possible—from the most widely studied historical texts.

This much-anticipated fifth edition features a larger format, as well as enlarged type, to make the collection more reader-friendly. Study questions have been added at the end of each section to help students focus on key points in the text. New documents on the Black Death, William of Rubruck, and Marco Polo are included, as well as a new selection from St. Benedict's *Rule for Monasteries* and a new translation of Einhard's *The Life of Charlemagne*. Two color photo sections have been added, introducing students to fascinating medieval art such as a fifth-century ivory from Constantinople, the two earliest images of Joan of Arc, the *Sachsenspiegel*, and a shirt that belonged to Queen Bathild.
