The Crocodile and the Dentist Book and Audiocassette Tape Set (Paperback Book and Audio Cassette Tape) Taro Gomi
Many people fear going to the dentist, but as this ingenious book shows, sometimes it can be just as scary on the other side of the chair. As a crocodile walks to the dentist's office, he thinks, "I really don't want to see him...but I must." Oddly enough, the dentist is thinking the exact same thing about him! The clever text continues in this manner, getting funnier with each duplicated thought, as both characters struggle to be brave and remain polite. An American Booksellers Assoc "Pick of the Lists."
