Adobe Photoshop Elements 8 Classroom in a Book is the most thorough and comprehensive way for you to master all the new features in Adobe's consumer-targeted image editing software. Each chapter in this step-by-step, project-based guide contains a project that builds on your growing knowledge of the program, while end-of-chapter review questions reinforce each lesson. You will learn the basics of editing your images with Photoshop Elements and will learn how best to use the program's many new features. In this new cross-platform (Mac and Windows) version of the book you will receive complete coverage of all of the new features of Adobe Photoshop 8. Use People Recognition to automatically identify people in your photos, Auto-Analyzer to find your most interesting and highest quality shots, recompose photos to any size or to fit a specific layout without distortion, perform one-step color and lighting adjustments, create perfectly lit shots with Photomerge Exposure, manage your photo library in a single catalog that's automatically synched across multiple computers, and much more.
