*****Warning: this book includes Indiana Jones style action and rip-roaring pacing, so please do not buy this book unless you are ready to buckle up for the ride!**

From Carolyn McCray, the #1 Bestselling author in Men's Adventure, Techno-thriller, Action Adventure & War, comes the #1 action packed, Techno-Thriller, Encrypted.

Praise for Encrypted...

"Some may say this techno-adventure is too
unbelievable but I thoroughly enjoyed the adventure! A plague and
computer hackers with state of the art toys. I started the book while
at the gym and spent the majority of the afternoon reading this
fast-paced and well written book. The main characters are developed and
there are romantic overtures throughout - plausible and understandable -
but unaddressed. The sequel cannot come fast enough."
Amazon Reviewer

"Encrypted by Carolyn McCray is a
fast paced, hair-raising thriller with a cast of fascinating characters.
The heroine, Ronnie, has Laura Croft's moves, Sherlock Holmes'
intellect and Indiana Jones' charm. This book stands on its own, but I hope we get to see more of Ronnie, Zach and especially Quirk in future books. If
you like the challenging plot twists of Dan Brown, the immersive
medical settings of Robin Cook or the larger than life, but still
believable characters of Clive Cussler, you'll love "Encrypted."

Overview:

A code written in unbreakable Angelic script.

The resurgence of the Black Death.

Can an FBI Agent and the Robin Hood Hacker save the world from another Dark Ages?

More praise for Encrypted...

"I have yet to be disappointed in
any book by this author. Ms. Caroyln McCray spins a wonderful tale. This
book is sort of along the lines of her 30 pieces of Silver. Not near
controversial, but that darn good!

In this book we are dealing
with Zach from the FBI. Ronnie, the Robin Hood Hacker. Quirk, her trusty
assistant. Pilot, a pilot. (Basically, these are the main characters)
The world is looking at another Black Plague killing off almost
everyone. At the hands of the Hidden Hand organization, we are seeing
that true evil never does rest...just waits till the prime opportunity
to strike....This is a great book. I was
so wrapped up in the inner stories that I couldn't read fast enough. I
wanted to know what was going on with Ronnie and Zach. I wanted to see
them end up together and be happy. But in the end, is it really going to
happen?"

"I
truly enjoyed this series. The characters and likeable, the pace fast
and I love the imaginative gadgets! Great escape from the hum drum"

If you enjoy the intrigue of The Bourne Identity, the historical texture of Dan Brown, and the roller coaster action of Indian Jones, you are going to LOVE "Encrypted!"

If you were looking for Carolyn's extremely controversial historical thriller, simply search under ***30 Pieces of Silver* (#1 Kindle Bestseller in Men's Adventure and War categories, but be warned, it is WAY more controversial than Encrypted.)

If you were looking for Carolyn's most recent military thrillers, check out ***The Rapid Response International Thrillers collection*
