Steve Jobs - 8 Interview Transcripts on the Life And Death of Steve Jobs (Steve Job Success) Steve Walter Lee
Steve Jobs has attracted millions of people throughout his storied career. There's a tangible sense among the general public that we never fully knew the real man behind the legend. The recent book on “Steve Jobs” written by Walter Isaacson had aroused much passion and echo in our hearts regarding the legacy of Steve Jobs. In November, this has become the best book in Amazon. Here is the Review by Chris Schluep “It is difficult to read the opening pages of Walter Isaacson’s Steve Jobs without feeling melancholic. Jobs retired at the end of August and died about six weeks later. Now, just weeks after his death, you can open the book that bears his name and read about his youth, his promise, and his relentless press to succeed. But the initial sadness in starting the book is soon replaced by something else, which is the intensity of the read--mirroring the intensity of Jobs’s focus and vision for his products. Few in history have transformed their time like Steve Jobs, and one could argue that he stands with the Fords, Edisons, and Gutenbergs of the world. This is a timely and complete portrait that pulls no punches and gives insight into a man whose contradictions were in many ways his greatest strength.” To add to our treasure to the man behind Steve Jobs, here is a collection of 8 Interview Transcripts on the Life And Death of Steve Jobs: They are either interiews, conversations or Speeches on the Subject of Steve Jobs by Steve Jobs himself or those who have worked closely with him.
