The Jacobites and Their Drinking Glasses Geoffrey B. Seddon

This book, first published in 1995, remains the most detailed study of Jacobite glass ever undertaken, and the glasses are described against the compelling history of the Jacobite movement in the 18th century. Hundreds of detailed photographs of the engravings help to authenticate the genuine glasses in a field well known to be infested with fakes. This thirrd edition follows the same format as previous editions but is published in a more compact form, replete with an additional chapter.

The diamond point engraved 'Amen' glasses are, without question, the most valuable of all Jacobite glasses and indeed one of the most valuable of any of the 18th century drinking glasses. Further studies have revealed that the 'Amen' glasses were engraved by the famous Scottish line engraver, Sir Robert Strange, and the evidence for this is provided in the final chapter.
