The Core (Equilibrium Book 1) Kate Thomas
There’s something strange about David, something that goes beyond the way he makes Ellie feel. He’s wealthy, poised, and a complete enigma. With nothing to lose but her heart, Ellie goes in search of the truth—a search that leads her down an eye-opening path that reveals secrets about the world she thought she knew.

The world’s order is held in careful balance, the essence of good and evil tilting the scale. When the fabric of reality is stripped away, Ellie is forced to make a decision to follow the path David’s constructed before her or simply walk away. The Core is missing and someone must step up and stand between the light and darkness, holding each back and maintaining equilibrium.
