Che Guevara: You Win or You Die (Single Titles) Stuart A. Kallen
October 9, 1967. World-renowned revolutionary Che Guevara is dead at the age of thirty-nine. The charismatic Argentinian revolutionary had been leading guerilla fighters in the jungles of Bolivia and was captured by the Bolivian army. Mario TerÃ¡n, a sergeant in the Bolivian army, volunteered to execute the prisoner. He carried out the bloody assignment with nine point-blank shots to Guevara's body. Around the globe, reactions to the assassination were mixed. In Cuba, where Guevara had helped overthrow a brutally repressive dictatorship in 1959, more than a million people mourned openly. But in the United States and elsewhere, many business leaders and government officials were relieved. Guevara's anti-capitalist movement sought to strip big businesses of their land and power. He wanted to set up socialist systems to spread wealth and resources among ordinary workersÂ—in Latin America and all around the world. To the rich and powerful, Guevara was a dangerous threat. Why did the assassination happen? How did the fiercely independent and internationally admired revolutionary leader end his life as a captive in a tiny Bolivian village? Why did he die a hunted man, without a fair trial, at the hands of a Bolivian soldier? How did his story become a legend? In this chronicle of an assassination, find out what inspired the myth of Che Guevara and what brought him to this bloody crossroads of history.
