For six years, the solar system has been safe from attack as the Kleese and the Strell fight a war for galactic domination. Now the war is over and the victorious Kleese once more turn their attention toward the Human race.

President Randle and General Mitchell know the only hope humanity has of surviving is to bring the nonaligned worlds into an Alliance to oppose Kleese aggression. However, the nonaligned worlds want proof that the Humans can successfully defeat the Kleese.

As the Kleese war machine begins attacking the nonaligned worlds, Colonel Wade Nelson races to bring the Alliance into being. As world after world falls and the Kleese warfleets come nearer a decisive battle is set up, which will either bring the Alliance into reality or will mean the end of the Human race.
