Book Two:Surviving the Death of Technology: Prepper's Survival Guide with Tips to Prepping for Technology Collapse

Technology is all around us in almost everything that we own and use on a daily basis. We have technology in our homes, schools, work and even our modes of transportation. We use technology to communicate with one another and conduct business on a day to day fashion.
Now when we talk about the collapse of technology, many people will instantly think of the Internet crashing or something to do with the World Wide Web. Well, this is only a small piece of technology. In this book, we will explore the topic even deeper and pose the questions that no one wants to think of.

In this book we will first discuss how technology has come into existence and how it has changed from being a fad to being so entangled in our lives that if we were to lose cell phone service of our e-mail were to stop getting through we would start jumping off buildings like at the start of the great depression.

Book Three: Ocean Fishing: A Fisherman's Guide to Mastering Saltwater Fishing

In this book you will learn:

• How to select the proper boat
• Selecting the proper motors
• Setting up communications including emergency beacons
• Licensing and regulations
• What to fish, how to catch it, clean it and cook it
• Needed emergency equipment
