Last Heartthrob: The Complete Noir Mystery Serial Bruce Cantwell
Readers who love **classic noir fiction** and **film noir** will enjoy this PI tale where a forgotten incident from out of the past has deadly consequences in the present.

A subject with a hidden past. A client with a hidden agenda. A mysterious woman who holds the key to their deadly secret.

When the opening gunshots signal P.I. Walter Forbes he's too late to save the lives his investigation put in jeopardy, he's left wondering if another sleuth could have put the pieces together in time.

Forbes's assignment, recounted in flashback, is a twenty-first century variation on classic noir themes. A triangle involving two men and a femme fatale. A private investigator trying to live by his moral code. Movie-maker wannabes crushed by their Hollywood dreams. Noir fans know that one wrong turn can seal a man's (or woman's) fate. But in a tale where everyone's guilty of something, it's not easy guessing whose fate is sealed.

Readers will discover along with Forbes the challenge of being a private eye in a post-private, Eric Snowden, digital surveillance age. Sometimes the more information you have on your subject, the harder it is to get at the truth, and the more dangerous it is for everyone.

Last Heartthrob was originally presented as a twelve-part serial, and the book provides links to online features for the movies and Portland, Oregon locations that inspired it. The story is structured so that it can be enjoyed as a quick read or twelve individual short reads that are easy to fit into your busy schedule.

The movie-loving characters directly refer to *The Big Lebowski*, *The Narrow Margin*, *Double Indemnity*, *North by Northwest*, *In a Lonely Place*, *The Hitch-Hiker*, and *The Conversation*. More subtle references include *Laura*, *Vertigo*, *Night Moves*, *Mulholland Dr.*, and *The Player*.
