Small States in Global Affairs: The Foreign Policies of the Caribbean Community (CARICOM) (Studies of the Americas) Jacqueline Anne Braveboy-Wagner
This book represents an update of a well-received volume published in 1989, *Caribbean in World Affairs*. Given the broad changes that have occurred in the world since the fall of the Berlin Wall, and taking into account requests for a second edition from Caribbean scholars and policymakers in recent years, the author has written this new edition with the same aim as the original: to provide a comprehensive and theoretically-grounded account of diplomatic developments in these microstates. The author provides a lasting analysis of small state behavior, noting the recent renewal of interest in small states in both the global north and south. The new material includes attention to the changed global setting, updated theoretical developments in foreign policy, and the inclusion of Haiti and Suriname, newer members of Caricom.
