Bronislaw Malinowski

Argonauts of the Western Pacific - An Account of Native Enterprise and Adventure in the Archipelagoes of Melanesian New Guinea - With 5 Maps, 65 Illus (Studies in Economics and Political Science) Bronislaw Malinowski
Originally published in 1922, this early work on anthropology is both expensive and hard to find in its first edition. It details the lives and customs of the Trobriand who live on an island chain in the western Pacific and is a highly regarded study of their tribal culture. This is a fascinating work and is thoroughly recommended for anyone interested in ethnology. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.
