What do you think of when you hear someone say the word “wolf”? Maybe you think of a wild dog howling at the moon, or of a ferocious creature that could be dangerous to you and your friends during a camping trip. But what do you really know about wolves?

We invite you to jump right into this fast-moving, fun-filled, and super-educational book WOLVES: Fun Facts and Amazing Photos of Animals in Nature just for kids, in order to explore the wonderful world of the wolf! Find out the five steps every wolf uses when it goes hunting, what kinds of animals wolves eat, and how wolves talk to each other. Step into the wolf den and watch firsthand as a mommy wolf gives birth to her adorable baby wolf pups and raises them until they are old enough to hunt on their own.

Bet you didn’t know that wolves can be found almost everywhere in the world, except for Antarctica, or that the Ethiopian Wolf is the most endangered meat-eating animal in Africa.

- What about wolf attacks?
- How much of a real danger are wolves to human beings?
- How do wolves stay warm in frigid winter weather?
- How much meat can a hungry wolf eat at one meal?

Discover the amazing answers to all these questions—and many more!—on your journey into the life and times of this incredible creature, the wolf! This wonderful kids book is truly a must have collection to any bookshelf, library, classroom or ebook reader. Did you know that reading to your children at an early age can promote better readers as your child grow academically.
